Date	Event	Information
19 th June	Special Assembly	Starts at 8:45 (parents are welcome to attend)
30 th June	End of term 3	

This week

This week the children have consolidated and developed their learning of time. We have used miniature clocks to show the analogue time and have practiced writing past and to the hour, in analogue form. We have also solved some time word problems to put our learning into context!

In English, we have been busy writing about what we think we have achieved over the past year! The children have identified their strengths and achievements and the areas that they think they have particularly improved in. Also, we discussed what they would each like to work on next year. Well done!

This week, we have continued our learning about the three functions of the skeleton: to protect, support and help the body to move. We discussed the organs that are protected by particular bones and how different joints allow us to move in different ways.

Specialists

Music

We went to the auditorium to practice and record our Olympic song, so that we can send it to be mixed into the final edit in the USA! It is sung in 3 part harmony and that's the first time we have done that, so it was challenging but it sounded great so was worth the effort! We have looked at a variety of different instruments, some for the first time including maracas, claves, triangles, bongos, djembe, xylophones, metallophones, rain-sticks and egg shakers. We have been guided on how to play them and then spent time in learning how to use them. We reacted to visual stimulus that told us to play with varying tempo and dynamics. We were reading from an iconic version of music notation and played Merrily We Roll Along by ourselves on the pitched instruments.

Arabic

This week the children have learnt the correct way to say the pronouns, related to occupations. They have also answered questions related to pictures and have written short paragraphs.

Islamic Studies

This week the children have learnt the story of isra wal miraj.

PE

This week in Grade 2 the children have continued to learn more gymnastics skills and develop their flexibility. They have learned how to perform open rolls, landing on a mat and how to use the spring board as well as perform basic vaulting skills. Well done Grade 2!

Star of the Week

This week, Hamad is our star of the week! He is a role model to others with his exemplary behaviour and following of the Golden Rules. Miss Morwenna has also been so impressed by the progress that Hamad has achieved in his reading and spoken English!

Keep up the hard work! 😊

Reminders

On Sunday 19th June, there will be a special appreciation assembly held in the auditorium at 8:45am. All parents are welcome to attend.

Just to remind you that the children need to be in the outside area each morning, from 8:15am, so that they can stand and sing the National Anthem with their class.

The school day begins at 8:30am

Have a lovely weekend.

Miss Morwenna and Miss Natalie
