Date	Event	Information
30 th June	End of term 3	

This week

As we rapidly approach the end of term it has been another busy and action-packed week in the Grade 1 classrooms.

In Maths, we have been revising the properties of 2D and 3D shapes. We have also been doing some problem solving in class to apply the mathematical knowledge that we have gained over the course of the year to real-life problems.

In English, we finished writing our playscripts about the story of Hansel and Gretel. We enjoyed performing these with our classmates. We have revised different types of sentences: statements, questions, exclamation and command. We were excellent at identifying different sentence types and creating our own examples.

In topic we learnt about what kings and queens might have eaten in a medieval banquet. We created our own menus for medieval kings and queens with unusual food choices.

Specialists
Music

We went to the auditorium this week to practice and record our Olympic song, so that we can send it to be mixed into the final edit in the USA! It is sung in a 3 part harmony and that's the first time we have done that, so it was challenging to concentrate on our own parts, but it sounded great so was worth the effort!

Arabic Non-native

We learnt some new vocabulary about 'the music room'. We practiced putting this vocabulary into sentences. We also revised some verbs in the past and present tense.

Islamic Non-native

We learnt about the importance of purity and cleanliness in Islam.

PE

This week in Grade 1 the children have chosen to play Rounders again and enjoy the competitive element of teams competing. These games have encouraged the children to use catching, underarm throwing and speed and agility whilst understanding the rules of the game better.

Star of the Week

In Tiger shark class the star of the week goes to Elise for working really hard on her weaving this week and sharing nicely with all her friends.

The Star of the week in Lionfish class goes to Samuel for concentrating really hard in class and working so hard to improve his writing this term. Well done Samuel!

The week ahead

Next week in English we will be revising our basic skills work. We will be recapping on some of the important punctuation that we covered this year and practicing using it in class.

In Maths, we will be revising data handling by using bar charts, pictograms and tally charts. We will collect and display information.

We will be learning about the history of the Olympics, the sports involved and what qualities are needed to become a successful Olympic athlete.

We will also be talking in class about managing the changes ahead of us and about what to expect from Grade 2.

Reminders

Please be reminded that your child must have their hat in school.

Have a lovely weekend.

Grade 1 ☺

Miss Alison, Lionfish – alison.f@amityabudhabi.ae

Miss Louise, Tiger Sharks – louise.r@amityabudhabi.ae
